

Mentoring report of Prashanth V M for the year 2015-16

Students allotted

PG - Yashaswini

IV year - Sneha Mary Jacob

Febin P Baby

III year - Litreesa Joseph

Amrutha CN

Vishnu Suresh

II year - Vipproz Victor

Jinu

I year - Manasa HT

Anjima John

Shahmal Sharaf

Tejasvi C.

Met first on 28th January 2016. Students present Yashaswini, Febin, Manasa and Anjima. Explained to them on how to answer internal exams and University exams, Time management in writing.

Informed them on coming up with list of topics that are tough and marks obtained in 1st internals.

2nd meeting on 19th February. Date of 2nd internals announced - 2nd week of March.

Discussion on topics tough to each student and made a schedule to come prepared with one topic next week.

Yashaswini - Physical and functional diagnosis- PFT and 6MWT.

Febin and Sneha- PT Neuro, Neurosurgery and CBR.

Manasa and Anjima- Anatomy, Physiology and Biomechanics, haven't passed in 1st internals. Advised to prepare notes with diagrams and practise, divide portions for internals week wise and prepare.

Decided to meet students year wise once a week.

Monday - IV year, Tuesday - II year, Wednesday - III year, Thursday - II year. PG Friday, but can meet anytime if required.

Meeting with Anjima on 5/4/2016 and discussion on Cardiac cycle. Next week on Anatomy of neck region. Yashaswini discussion on 6MWT and PFT.

Created a common mentoring group on 7/4/16 for better communication.

Couldn't meet on 12/4/16 as per schedule as Manasa and Anjima had re exam.

Discussion with Anjima on 25/4/16 on Anatomy of neck. Scheduled to discuss on Biochemistry, Psychology and Sociology from next week.

Litreesa came for mentoring first time on 14th June. Discussion regarding how to write exams and timing answers. To prepare and come for tough topics for discussion.

All were informed to give list of topics for 3rd internals and start preparing accordingly.

III year and I year students gave list of topics in cardio which were tough. Informed them to be prepared with those topics for next week.

III internals scheduled from 11th July. All preparing seriously as they have to make up for poor performance in 2nd internals.

Performance in III internal better than IInd. Hopeful of passing University exams. Informed to contact me for any doubts or clarifications.
