SL.NO	DATE	TITLE OF THE DISSERTATION	NAME OF THE STUDENTS
1	11/2/2010	A Comparative study on effectiveness of Proprioceptive neuromuscular facilitation techniques with maitland and mulligan techniques on frozen shoulder	Yashvanth .K.N
2	15/02/2010	Effectiveness of Mckenzie's exercise and intensive spinal strengthening program on patients with subacute or chronic Low back pain : A Comparative study	Harikrishna.N
3	25/10/2010	A Study on the effectiveness of MC connells Taping with cyriax mobilization on chronic Lateral epicondylitis: A Comparative study	Naushad Alam M.D
4	25/10/2010	A Comparative study on effect of intensive Isometric and Endurance training for chronic neck pain	Kavitha Rani.N
5	25/10/2010	Effectiveness of Retrowalking in chronic Osteo arthritis of Knee	Ashwini N.Raj
6	11/2/2011	The Immediate effects of sleeper stretches on shoulder Range of Motion in Volleyball players.	Jakson K.Joseph
7	11/2/2011	A Comparative study on the effect of kinesitaping and conventional physiotherapy in Carpal tunnel syndrome	Sandeep .P.H
8	11/2/2011	Evaluation of Rotational Asymmetry in Hip and Efficacy of rotational Asymmetry correction in unspecified Low back pain	Imdad Mubarak
9	11/2/2011	Comparative Analysis of Effectiveness of lidocaine iontophoresis Versus Direct current in myofascial trigger point of trapezius muscle	Nivedith J.M

10	11/4/2012	Efficacy of kinesio taping as an adjunct to Positional stretching kof coracohumeral ligament in patient suffering from primary adhesive capsulitis	Nirnay S.Gowda
11	19/04/2012	Effect of impairment oriented training in in improving motor performance of arm Pareses following stroke	Priya mayengbam
12	19/04/2012	Short ter effect of muscle energy tech., on individuals with mechanical neck pain due to somatic dysfunctions	Rashmi.D
13	30/07/2012	A comparative study on the effect on constraints induced therapy and bilateral Arm training on quality of life in stroke survivors	Sreema M
14	24/05/2013	Effect of Feldenkrais exercise on Geriatric Population with CD	Mallika Rani
15	24/05/2013	Effect of active release tech., on Ilio psoas muscle in performance of amatens Golfers having Lower cross syndrome	T Nithin Thomas
16	24/05/2013	Effect of dual task training with & without multi sensory training on balance in elderly	Pearls Ducimellow
17	24/05/2013	Evaluation of balance in urban and Rural Children using functional reach and lateral reach test	Sneha Justus
18	24/05/2013	Effect of Repetitive functional activites on balance in individuals with mild traumatic brain Injury	Shruthi Bhat
19	24/05/2013	Effect of seat surface Inclination on Reaching Respiration and Phonation in children with spastic cerebral Palsy	Siddesh.N.S

20	24/05/2013	Effectiveness of Batrac and task specific training on hand Dominance and functional activity in stroke	Jerry George
21	24/05/2013	Effect of tactile versus auditory feedback for trunk control and reaching activities pf upper limb in chronic stroke	Vidhathri.D.S
22	11/3/2014	Comparative Analysis of the effectiveness of MCIMI BIT over MCIMI in Spontaneous use of Affected upper limb and participation in children with unilateral spastic cerebral Palsy	Amrita George
23	11/3/2014	A Comparative study on the effects of Global postural reduction versus Pilates on work relatd low back ache in dentists	Braganza Brinelle thomas
24	11/3/2014	Efficacy of mobilization with movement and kinesiотaping versus mobilization with movement and conventional exercise in patients with shoulder Impairment : A Comparative study	Kamat Swarkanath sada nanda
25	11/3/2014	A Comparative study of finding the efficacy of thrust manipulation versus non thrust mobili zation on thorasic spine in patients with mechanical neck pain	Nityal Kumar Alagingi
26	11/3/2014	The effect of modified constraints induced movement therapy MCIMI and mirror therapy on motor function of Hemiparetic upper extremity in stroke : A Comparative study	Paleri siddartha murali dharan
27	11/3/2014	Effects of speed dependent Treadmill training versus over ground gait training using compelled Body weight shift in improving Gait and Balance in Paitents with chronic stroke	Preeti Rebeiro

28	21/05/2015	Balance and Behavioural benefits in children with special needs underlying hippotherapy	Arun Malar Selvi
29	21/05/2015	Comparision of movements in term and Preterm infants in the Neonatal intensive care Unit: A Explorative study	Nair Namitha Jayarajan
30	21/05/2015	Impact of school based Physical education Programme on children attending special school	Neha Vyas
31	28/07/2015	Effectiveness of High intensity internal training in Amteur Tennis Players	Nagendrappa.M.S
32	24/07/2015	Impact of Otago Exercises Intervention on Risk of falls in elderly in rural mysore district	Prashanth Mangalvedhe
33	24/07/2015	Feasibility and patients Reported benefits of Exercise program in people with chronic Low back pain	Lalchhant Lunga
34	5/10/2016	Normative Value of Isometric muscle strength of Upper and lower limb in children from 6-15 years of age in mysore city Karnataka	Maredia Iqbal sulofana
35	5/10/2016	Profile of work related musculoskeletal disorders in Hospital workers	Priyanka sirsath
36	5/10/2016	Validation of malayalam translation of saint George respiratory questionnaire in patients with chronic obstructive Pulmonary disease	Saritha K Francis
37	5/10/2016	Test Retest Reliability of electronic dynamometer in healthy adults	Amal.K Francis

38	5/10/2016	Optimization of Resistance training frequency for people with chronic obstructive Lung disease A Home Based approach	Aleesha Cherian
39	25/5/2017	Health related quality of life in Patients with Parkinsin disease residing in mysuru	Bijo George
40	25/5/2017	Indentifying apraxia and its influence on activity and Participation in traumatic brain Injury survivors	Poojitha
41	25/5/2017	Prevalence and contributory factors for osteoarthritis of knee in mysuru : A Community survey	Dheergha Lakshmi
42	26/05/2017	Test Retest Reliability of the chedoke Arm hand activity Inventory CAHA113	Hmingthansangi
43	26/05/2017	Contribution of visison and Audition on balance during dual Tasking in older individuals	Yeshaswini M.G
44	26/05/2017	Fatigue in Patients after stroke: A Hospital based Prevalence study	Shalini B.S
45	26/05/2017	Test Retest reliability of D And E Components of GMFM in Bilateral spastic cerebral Palsy Children	Preethi.H.S
46	29/05/2018	Test Retest Reliability of swaymeter in chronic stroke patients	Fami.A.S
47	2/6/2018	Profile of functional Disability in Patients with knee Pain using Patience specific functional	subin.P. Xavier
48	7/6/2018	Feasibility of using treatment based classification system tp plan management of	Anitha.M.N

Patients with low back pain

49	7/6/2018	Severity of fatigue among patients with Gullian barre syndrome	Uma T.K
50	7/6/2018	Role of Upper Limb tension test onee (Median Nerve bias) on straight leg raise in adults	Binraj V.R
51	18/06/2018	Role of Pamphlets as an adjunct to home exercise program in patients with knee pain	Suha shakeel
52	18/06/2018	Prevalence of Depressio in chronic stroke survivors	Praicy Mathew
53	19/03/2019	Efficacy and effectiveness of a Physiotherapy care pathway on hand function in patients with Distal end of Forearm and wrist fractures: A Randomised controlled Trial.	Mukunda
54	19/03/2019	Predictive Validity and responsiveness of work Capacity assessment for sustained Labor	Pricilla Pavai
55	19/03/2019	Normative Values of test of in Hand manipulation skill (TIMS) in children B/W three and Nine years of Age from KERALA	Rahib.C.K
56	19/03/2019	Association B/W Rural work practices and Low back pain in mizoram: A Case control study	Teresa Vanlpeki
